

TERROR KITE

SILENT BIRD SCARING KITE

Quiet and extremely effective, the Terror Kite is always on patrol even in the lightest breeze.

The reflective eyes, predator colours and constant flashing movement clears the birds.

ALL DAY CROP PROTECTION!

TERROR KITE

SILENT BIRD SCARING KITE

- No gas or balloon needed to lift the kite
- 7m telescopic, flexible launch pole ensures constant random movement of the kite
- The specially designed kite will self launch in the lightest of breezes
- Constant darting and swooping movements clears the birds
- Made from ultra strong nylon, fast to assemble

Great for silage bales, clamps and farm buildings too

it swoops, darts, climbs, reflects, spins, - it works!!

“The Portek Terror Kite is great. The most effective bird scarer I've tried and tested to date... and it doesn't disturb the neighbours!”
Joe Bonaparte, Farm Manager - 2,000 acres, Rodmarton Farms.

The perfect complement to Hawk Eyes spinning globes
